MALARIA NO MORE

ABOUT MALARIA NO MORE UK

Malaria has been described as the oldest killer disease in history; even now, despite recent progress, it claims the life of a child every two minutes.

Malaria No More UK is part of a global movement that is determined to make this the generation that ends malaria for good.

To realise this vision, we need to mobilise governments, influencers, businesses and the public, inspiring them to commit funds, energy and resources to ending deaths from malaria and wiping out the disease for good.

Since 2000, the world has made enormous strides in the fight against malaria. The global malaria fight is becoming the biggest public health success story in history, and we are determined to maintain momentum in spite of the effects of Covid.
